Best Business Systems offers a special program that help show customers your appreciation.

**Say "Thanks!"
with Cookies!**

A key to building a successful franchise is gaining new business and retaining the business you have. Best Business Systems helps you gain business with a variety of products to fit any need and budget. But they can also help you with customer loyalty.

Birthday or Anniversary programs help maintain customer loyalty and/or boost employee morale. What better way to show your appreciation than to remember a birthday, or the anniversary of the first job you performed for a client? Tracking multiple key dates can be a challenge, but Best Business Systems has designed a program to track and managed these important dates. Opt in to this program and provide them with the names, addresses, and dates of the people you want to remember, and Best Business Systems takes care of the rest. Every week, Best Business Systems checks the list and sends out a personalized tin of chocolate chip cookies directly to the recipient, from you.

To find out more, give them a call at 800-995-3129

Cookie Tin with 20 Cookies:

50 = \$23.45/each

144 = \$23.15/each

Price is for 20 gourmet chocolate chip cookies. Other options are available for number of cookies, different flavors of cookies, etc. To learn more about the program or see other options, please call Best Business Systems at 800-995-3129 or email them at james@bestbusinesssystems.com.
